## Be Prepared before a flood!

Floods can happen anytime anyplace and they can happen fast.

- If you don't have a flood insurance policy, contact your insurance agent today.
- Keep your flood insurance policy & insurance agent's contact information on hand in the event you need to file a claim.
- Copy important documents (mortgage papers, deed, passport, bank information, etc.) Keep copies in your home and store originals in a secure place outside the home, such as a bank safe deposit box.
- Take photos of your possessions (furniture, antiques and collectables, musical instruments, electronic equipment, etc.) Store copies with your other important documents.
- Save receipts for expensive household items (appliances, electronic equipment, etc.) as proof of original cost.
- Make an itemized list of other possessions, such as clothing, books, and small kitchen appliances. The more comprehensive your list, the better.
